

RULES

on the itemization of the price of medication sold by prescription.

Article 1

These rules apply to undertakings selling medication to consumers and make provisions for the obligation to itemize the price of medication sold by prescription. The aim of the rules is to improve information to consumers and facilitate price comparison.

Article 2

At the dispatching of medication by prescription, it is an obligation to itemize the consumers' share in the price of all medication. Thereby, itemised price of each medication shall be shown on receipts from cash registers, on a sales receipt or by other means. It shall always be ensured that consumers can easily discern the price of each individual medication.

Article 3

The Consumer Agency can grant an exemption from these rules if special circumstances exist.

Article 4

The infringement of these rules is subject to sanctions pursuant to Articles 22 and 26 of Act no. 57/2005 on surveillance of unfair commercial practices and transparency of the market.

Article 5

These rules, set with authorisation in Article 18 of Act no. 57/2005 on unfair commercial practices and transparency of the market, will take force at publication and replace rules no. 852/2003 which furthermore will cease to apply.
